

Circa 1957. Teepee camping "back in the day!" *Where was this flat spot?*

## Greetings from Ken & Nancy

### Happy Autumn!

The theme for the 2011 summer was "Inspiration." This Native symbol for spirit means to breathe in, fly above the ordinary. The eagle was our artistic emblem, with feathers presented to individual for outstanding service or exemplary leadership. The values our staff wished to emulate were re-appraised each session and the channels for inspiration were highlighted. The list included: Optimism, Creativity, Compassion, Ceremony, History, Loyalty, Tradition, Courage, Faith, and on and on. Feathers were presented all summer as symbols of inspiration in deeds, and in acts that promoted this theme and raised the standard of care and behavior and keep our collective thought higher than the myriad cares and worries of each day. In this edition of the Alum Glen Breeze, we have included the 2-page flyer that goes out to each family that registers their camper. And registration has begun, and once again, demand appears to be high!

Autumn in the Rockies is always a treat, which is just about ready to turn into winter, as we've seen the ground covered a few times with the wet and cold stuff! This follows an unusual summer for weather. Drought and fire danger conditions in the spring gave way to a heavy, wet snow 24 hours later. As the summer proceeded, rare thunderstorms doused our early fears for forest fires but kept us alert for lightning strikes. Several times we had downpour rain that was rare in its ferocity! Creative staff responded to rainy doldrums with inventive games so that bored campers couldn't remain in a state of ennui too long. Many of our long-time veteran teens even relished the gray clouds giving them more time for deep and penetrating Knighthood talks.

Our **Myths & Magic** session once again welcomed 165 eager, wide-eyed ragamuffins who sped through crafts, barn, BBs, archery, tea parties, sports, fort building, stories, and sliding into our great swimming hole. These darling tots were immersed into a magical atmosphere of pretend and imagination. Jaws were agape at our Hogwarts feast, especially impressed by our headmaster, Albus Dumbledore (aka, a white, bewhiskered Ken)!

**American Heritage** set an enrollment record we believe: a whopping 236! We were introduced to a new mountain man during Rendezvous. "Old Badger" wore badger-claw earrings and a bear-tooth necklace set in silver with chunk turquoise. He showed off antique traps, rifles, swords, knives, hatchets, and relics from his Possible's bag. The black powder gun and noise was, of course, the campers' favorite! Rendezvous always includes flapjack eating contest, root beer floats in our Marathon "saloon," kissing booths, and trading. There's bartering only for juniors and middlers. What a frenzy these young capitalists create trying to hedge out the best deal with only two poker chips and one playing card! Today's Pow Wow ceremony is portrayed on Thursday evening (Vespers service) and then the traditional event the last night of the session.

The **Knighthood** sessions is when those thunderstorms really got rolling! The crazy weather played havoc with our program and kept our two nurses, Riekje, and Meg, bustling and handing out cases of cough drops! The four consequential outdoor evening programs made it through OK, under sullen skies that held on to raindrops till the end: Merlin's Masque Vespers, both Inductions, and the Sword Soliloquy were stupendous in their Council Ring venue. Avalon (Knighthood II) was a scary event with continuous flashing bolts illuminating the sky as we scurried into the tight quarters of Marathon to keep dry and safe. The Pageant day was it traditional glorious event as banners, minstrels, robbers, jesters, jousters, knights, ladies, and hags paraded through the day! As always our procession was led by King Arthur **Matt Lederer**, (Denver, CO), and his lovely Queen Guenevere, **Carlee Flynn**, (Napa, CA).

**World Friendship** is ever the serendipity session – as fresh ideas seem to bloom for this most untraditional of weeks. This year the Geneva Glen Peace Prize was awarded to Annie Ross Yetter, and Diane Gilmore Ross' granddaughter, **Kathryn Yetter**, of St. Paul, MN, and **Emily Lederer** of Denver both long-time veterans

(and pacifists!) and they were so deserving. The candlelight ceremony, peace pole, the Chautauqua seven-course progressive repast, and Olympic rivalry dominate most of our late summer session.

At the 2011 National American Camp Association Conference we attended, the emphasis was on free play. It truly impressed us. Some of the benefits for free play are that kids get to make their own rules, settle their own arguments, create cooperative scenarios, and moderate their own behavior. The society for children is so massively programmed, we're just heartened to see how salutary it still can be just being "a kid!"

Enjoy the Fall Breeze, and don't forget—history is about to be made again next Labor Day weekend (Aug 31—Sep 3,

2012) as we host Family Camp, the GG alumni reunion, and 90th birthday of Geneva Glen!

There is no end to the gratitude we feel each year as we see these registration cards pour in, knowing how important being at Geneva Glen is to hundreds of children. And today, fully one-third of all of our campers, AND our staff are progeny of GG alumni!

Have a great autumn, enjoy all the wonderful news about your favorite camp (!), and we'll look forward to seeing many of you on registration Sunday's, and then hopefully many of you back at the Glen next next September for GG's 90th birthday!

*Ken & Nancy*

## From the Mailbox News of alums . . .

### 50s / 60s

DOUG TALMAGE (55-59) enjoyed his pop-in from nearby Boulder. He has good memories of the ANCEL'S, CHAFIC, and of course the Gil's!

ROB REEVES spanned two decades as he recollects attending from 58 to 68. He's an Arvada resident now, but recalls volunteering for Cowboys and Indians, now known as American Heritage, when it was a four-week program. He re-found GG through a California brother who Googled a satellite picture of Indian Hills. Rob recognized that photo immediately! He remembers playing Galahad in the Knighthood Pageant!

NANCY PARKS BROOKS sent an update from Glenwood Springs, Colorado. Nancy came in the 60s from Texas with sisters LOU (GORSKI) and HOLLACE (VAUGHAN). She's looking forward to our next big reunion and hoping more folks from her decade will join her for the 90<sup>th</sup>!

### 80s

We were glad when CHRIS BRYSON brought his sister DANA by for a visit. Chris was picking up his two daughters, Samantha and Elizabeth, from World Friendship. Dana has one little boy and now lives in Denver. She seemed determined to bring back some of her own GG pals for our 90<sup>th</sup> celebration. Sometimes all it takes to bring back old GG folks into the fold is a call from a good friend. Keep that in mind LAURA HENDERSON, JASON CAREY, CHRIS KLEIN, etc. etc.!

As a matter of fact, when we saw Jason recently, he mentioned that Dana had been in touch with him. Jason is a producer from Animal Planet, living in Washington D.C.

Great to see JEFF ALLEN (84-84) smiling in the council ring again. He visited in July from beautiful Bremerton, WA. He was full of joyful nostalgia as he wandered around his old haunts here at the Glen. And speaking of haunts, he also had time to spend with some of his other camp cronies while on his trip down memory lane. Jeff had lived on boys hill as a counselor, but ended up in Cabin 1 as our program director.

A fun treat to have TED DENSON introduce us to Carol, his bride of recent years, and her to camp during a beautiful autumn day. They came for a memory saunter in October. While in Colorado, Ted made an appearance at Comedy Works in Denver, and one more private gig. He impressed his wife with all the stories, along with the improvements and changes at the Glen; things he had never seen, like the "Place of the Healing Feather" health center, the refurbished chapel, and the four new cabins on girls hill. Here's Ted and Ken showing the trademark "secret handshake" from his comedy act! We appreciate ELLEN ZWEIG ROSSIER bringing us a surprise during check-out of KHII for Chloe and Suzanna, as she pulled her brother ALBY out of her magical hat! That rascal brother of hers is a lawyer practicing in Denver. It's fitting he

found that profession since he always could eloquently talk his way out of any and all of his adolescent jams. He promised to keep in touch, right, Albz?

AMY KENNEDY was caught peeking over the council ring again at check out with best friend and travel companion KATIE CONWAY NIXON! They always get a bit misty-eyed when they hear Geneva We Love You sung in fellowship circle. Both of Katie's daughters have taken to camp and will be around for a long time!

## 90s

PETE LAFLEUR ambassador'd MARGOT FAHNESTOCK (San Francisco), and LAJLA KIRSCHENBAUM ROWE in early October. Pete showed off some of the new buildings such as the Health Center and Rifle Range and both were impressed with the refurbished chapel. Margot was Program Director and Administrative Assistant in the late 90s and said she's looking forward to the 90th reunion! Lajla expects to try Myths with her little girl, Nora, next summer. We're sorry to have missed seeing you two, but soon!

We are not saying "goodbye" to our stalwart pal, PETE LAFLEUR, but more like repeating a verse from a nursery rhyme:

The man who wore five-hundred hats,  
He balanced them on his noggin.  
Chapeux's, turban's, high-silk's, and  
Stetson's,  
And even one just for joggin'.  
Each cap implied a different job,  
Sportswear, photos, or makin' a verse.  
Ol' Pete's sharp memory was flawless,  
Though his hoarding sure was a curse!

Pete is no longer is ensconced at the Glen, however his new pursuit will allow him to stay involved in Alumni activities, and we're glad that's he's still close by!

It was a special treat to see TRIESTE PALMER PRUSSO with her dear little mountain brood. She brought her seven year old, Derek, for Myths and Magic. Trieste is now back in Utah after a California adventure for a few years. She pretty much promised us that she and Jeremy and the kids will be here for the 90th. Trieste keeps

very busy with her arts and crafts, which you can find at [www.triestepruzzo.com](http://www.triestepruzzo.com) Thanks for my bluebirds, I love them!

We keep in touch with Lee Ann and Kevin Meyer from time to time, but their recent note reminds us of how quickly time flies when you're full-time taking care of little kids! Lee writes: "In September, Levi turned 3 and on November 4th, Lucy & Georgia had their 1st birthdays - can't believe it has been a year."

## 2000s

MIKE CHRISTIANSEN, of Ann Arbor, MI, waxed nostalgic about his introduction to GG through KEVIN SCHADT. He was reminded how much he loved the staff, the kids, and the crazy program, and how it beat all his expectations for that summer. JOE ANDERSON hosted Mike during his visit, and they got a kick out of seeing the Winter Workshop teens being ...teens!

Email from DREW STEVENS gave us an update on his rich and full life: Eleanor arrived in March, a house two days later, been busy restoring the house, moving, playing, working, riding bikes, peeking-and-booning, base and soccer balling, hiking, camping, swimming... Emily is in her third year as an oncology nurse and Drew loves designing camera lenses at Lensbaby."

We hope to see them during a planned visit in March!

*Don't hesitate to send us news on you and your life, or else, who knows, we may make it up!*

## Seeding the Future

It's always a pleasure to look up and recognize faces from decades past. In Knighthood II alone, I could have seen more than *ninety* of these faces! At our introductory council ring, we asked for our alum progeny to stand and be recognized, and it was thrilling to see such a large group of loyal kids. (see photo) Here's a roster of the Golden Hearts alone:

SEAN KIDSTON'S bruiser Riley was a dorm mate with Cooper Lee, RAE YERKEY'S youngest, and Teddy HUMMEL, the freckled junior from ANDY'S family (thanks go to wife Mary Frances, who participated in our Parent Panel for staff orientation) ... Little Jake Gent was part of this group, youngest son of AMY BALLIET JENT of Texas ... Another "Heart," Walker Johnson, of Denver, is CHRISTINA DUNCAN JOHNSON'S lad ... The Lady Hearts in Knighthood II were Riley Estes, DALE ESTES's daughter, from Georgia ... Lily Clark, quite a little character belonging to BECKY PENBERTHY CLARK, of Houston (ask her about the moths she saved in drawers!) ... One more Lily, Urban, the last of three granddaughters who live in Evergreen and come related to grandpa TIM URBAN of Des Moines, IA ... Another fun moppet is Avery LANKFORD, ANDERS' daughter and the grandchild of LARRY LANKFORD (and an exact ringer of Sarah Barrett!) ... Finishing up this line-up is Waverly Reeves, daughter of ZACH REEVES.

Now let's check out the junior progeny of Knighthood ONE Golden Hearts: Cate WOOLLEY, STEVE'S daughter, now living in Switzerland and granddaughter to JEAN WOOLLEY from Wisconsin ... Cassie Dugdale, one of HEATHER HUNT'S three gals, from San Diego ... Maddox Boston, with a niece connection to JED SCHUETZE and PIPER POWELSON ... The next little doll is Aaleyah Heringer, the middle daughter of JESSICA PAJON (HERINGER) from Bellevue, WA ... But the boys of Knighthood I Hilltop beat all the records for number of progeny all summer! Sam Kanewske, a Texas blonde of MEGAN ELKJER'S ... Seamus Cassidy, a delightful apple

from the PETE CASSIDY family tree ... Clayton Baldwin, a junior who sings on tune, probably because mom is BETH MCDOWELL BALDWIN! ... Jacob

Sampson, a double-legacy of MATT SAMPSON, and ERIN LONG'S lineage ... Colin Clarke, of Wyoming, son of Jason Clarke, and nephew to COURTNEY CLARKE MCKNIGHT ... Cedric Orton-Urbina, the youngest issue of DEB ORTON ... Nathaniel and John Cunningham, adorable twins of SARAH TERRILL ... and lastly, Rory Austin, that Montana cutie of CHRISTINE LEWIS AUSTIN, and Grandson of JUDY GRUENWALD. Nine out of eleven junior

boys, all progeny! Quite a rich batch of future leaders seeding the Glen!

## The Bell Commemorative

WHEN

THE LODGE BURNED the first Monday of camp in 1973, one of the few physical things that was rescued was our beloved bell that rang out faithfully for some 50 years from the lodge belfry. In 1978 it was re-mounted next to the Gilmore Chapel. Bob Duvall led the dedication ceremony and Lady Iris attended.

Over the past 30 years flowers, benches, weeds, rock gardens and various manifestations of landscaping have embellished that area. The supports that held the 300 pound bell grew weak at one point and were replaced, but this time the dedication plaque will be magnified somewhat, with hand-carved symbols and new wording that will read:

"In honor of Iris and Harold Gilmore who devoted their lives to Geneva Glen as a place where children and youth can recognize their best selves."

We are grateful to STEPHEN ANTHONY, our 'guardian angel' for the chapel, for this loving contribution. Whenever you find yourself on Parmalee Gulch Road, you must stop here and enjoy a moment at this place of "peace and quiet, beauty and repose..."

**The Memory Wall** was created from the support of ANN BEADLE KIRWIN'S friends following her passing in July of 2009. This flagstone and moss-rock structure resides next to the chapel and will commemorate GG folks with their names inscribed into the rock. The full effect of its character will come in the spring when the lilac bush is in lavender bloom

and the wildflowers accent the surrounding hillock. This wall by no means reflects only those who have departed. The tangible inscriptions may represent any alum who feels that consummate connection to the Spirit of the Glen, knowing their names will endure for many years to come. The first group of names will include ANN BEADLE KIRWIN, CALLIE KING, MARY AND SAMMY ARIKI, SUSIE EARLE MAUZY, JANICE ARIKI SCHMIDT. Details will follow in the next Breeze, and for more information, please contact Nancy.

## Engagements

CLAUDIA KIS MADRID sends the happy news of her up and coming wedding to her romantic Canadian caballero in May. Claudia has been telling us about this shining knight for a while now ... they will happily reside in Quebec! Feliz matrimonio!

Announcing the HAZEL/GOLDHAMER engagement! This betrothal had an almost comic element as a romantic holiday to the Grand Canyon ended up with Sara being helicoptered out with a broken leg! But the starry night, gorgeous scenery and ambience of his proposal lifted her higher than any helicopter! Another example of GG alumni who were smitten with one another since camper days. Sara has a long GG family history as her mom and aunt attended GG, HARRIET and ROBIN GINGERICH, as well as grandparents ROBERTA AND JOHN GINGERICH. Dan's big brother AARON, and twin sister, LAURA, are thrilled by this union!

## Nuptials

I guess we truly converted our Iowa nurse, PAIGE KACK, to be a Rocky Mountain sweetheart as she opted to have her joyful nuptials at Red Rocks Country Club in early September. Paige's Colorado presence brought her home town beau, Brock Bixler, to reside in Colorado as well. Congrats newlyweds! And Paige just got into grad school! Now they will be happily ever-after here near GG!

Katie and Ben extend the "streak" of those who passed through the wedding arch at Pow Wow, walk down the aisle!

The HALE/RICHARDSON nuptials brought many old camp friends together. This romance began at camp when KATIE RICHARDSON came to be our nurse in 2004 and was twitterpated by that young buck, BEN HALE! The interest was reciprocal, so seven years later they made it official in a lovely setting overlooking the rich Larkspur Foothills. Among the GG guest list included the LEE'S, the LOCKE'S, the CONNER'S, the MCKNIGHT'S,

MIKE HINDS, DANA HELLER, BRUCE GALLAGHER, the RUEDEBUSCH'S, DANE HARBAUGH, PETE MAHAN, JOHNNY DOMENICO, ANNIE BACHMAN, JOHN ARIGONI, JOEY LAWRENZ, ERIC HANNA, JEFF CROMWELL, SARA HAZEL, DAN GOLDHAMER, KARL ONSAGER, ABBY FOUST, and those sassy classy crew gals, SARAH BARRETT, CARRIE DAVIS, CLAIRE NORDEEN.

We heard through the electric grapevine that CASEY MILLER has set a date with Rebecca Shands. Not too many details yet, but we wish them all the best. Hope they don't object if we try to grab NITZEL at that affair, and finally get him to finish his community service at camp!

LAUREN YOUNG from Kansas, and CHRIS KAMPFE from Nebraska, tied that proverbial knot this fall with a glorious autumn ceremony at Chatfield, a foothills farm owned by Denver Botanic Gardens. It always warms our hearts when GG folks find one another. Chris found GG through cousin KATIE CONWAY (NIXON), and they now he and Lauren live in Golden.

## On the Nest

Some of our alum unions from the past year are producing felicitous fruit – as is evidenced in our "Nest" results:

OWEN AND CORA (WEST)

LOCKE, announced the coming of a little "Locke-ette" in February! How appropriate that the prophesy is for a boy... as Owen certainly needs a boy to perpetuate the delightful havoc that he caused all of us! Besides, he needs another fishing partner! Cora's bevy of brothers will be fantastic uncles!

KEVIN LEE and Sara, his esposa, are expecting their first addition to the Lee legacy in the Valentine month. Kevin is making great progress taking on the jitters at his father role!

## From the Nursery—

STEVE and Kristen BROWNSON'S doll, Caroline, hiked (or rather slept through the hike!) part of the back 40 between the Apache trail and Black Canyon in late-August. Her tiny two-week old self (that Steve said felt like carrying a brick clinker up the mountain!) was accompanied by mama, Reid, Ken & Nancy were along, as we checked out boundary lines for newly acquired property. (see article) Steve is a proud papa, even if his eyes are at half-mast due to constantly abbreviated night's sleep! Little Caroline was pretty

much conked out the entire hike! Congratulations to Steve and Kristin.

BROOKE PETERSON shared the good news with us that her baby girl, Allana, was born on Sept. 27<sup>th</sup>. Brooke has been great about bringing up fun costumes, and she was hoping to show off little Allana at our Pumpkin Patch (given a hiatus this year), but maybe we'll get to meet her at our Xmas tree cutting day!

ERIN HELLER MASSEY, and hubby, Jon, welcomed Aiden Jon Massy to the family portrait on June 5. Proud grandparents, JON and NANCY, are delirious as well as Aunty DANA!

Great excitement at the Glen because right before going to press, CHRISTA DIEDERICHS REDFORD and

nervous daddy Darrel, welcomed Everett Jimmy Redford along with several Tonka trucks daddy Darrel has been collecting! . The uber-organized Christa had Everett *exactly* on the due date: Nov. 7, and was even texting us with registration work from her hospital bed at 3 a.m., keeping the GG office running efficiently! Little Everett will give those three estrogen-charged Aunties, Shanna, Nikki, and Kim, a little dose of needed testosterone, as the first male in the Diederichs clan in decades!

KRISTIN SYVERSON COX plans for Keira Ann, born Nov 14, to be in Everett Redford's sister cabin in 2018 or so! The family is back home now and doing well!

## Alum Progeny who were staff this summer

We gain quite a reward when an alum has a first-time youngster come to GG and they love it. But it's an absolute *thrill* when that progeny comes to us for the first time a more mature, and discerning staff member, and even better when they go hog-wild over the Glen! This would be the case of Adam Gribas, son of LANA FOX GRIBAS. He wasn't fully convinced that this summer's plan to be a CIT was exactly his "dream job," but as the summer commenced, he swung into the pace and contributed mightily, especially by introducing a new program: Belagarth! And he has promised to return in 2012!

Another success with first-time staff progeny was RICH SCHULTE'S daughter, Samantha, aka Sami (Rich's son, Drew, came in 2010, and like Sami, we adored him). Her brother had lauded the Glen experience (so...do we think

our kids listen to their siblings more than their parents!?), so Sami tried the counselor job and truly relished it. We enjoyed Samantha very much and hope her schedule allows her to return. Rich, you and you wife have done something great with these two – it was so good to see you both during your visit this summer!

Texan's still savor the Colorado mountains as STEVE WORDEN did back in 1981. He is a camp guy through-and-through. He directed and worked for various camps and recreational departments in the Dallas/Ft. Worth area. The fever caught this year for his son, August. Never a camper at GG, but Gus took to the programming, especially Knighthood, hook, line, and sinker! Gus, a cadet at Texas A&M had quite a different kind of workout with our campers than what he's used to! Steve came by in July, first time since '81, to see the ol' place and relive some great memories.

Many of you from the 80s may remember PETA HUBBARD, who came to our staff for only one summer from Jolly Ol' England! She had no idea what she was getting in to and was a bit tentative at first before the magic caught hold for life! Nelli took a different approach, dove in head first and took no prisoners! Nelli took the leap to come to the "states" and never expected to enjoy the GG ride so much! (you know our offspring never give their parents credit for good advice!) Nelli made tons of friends and longs to return to "June in the Rockies once more..." We hope she can bring that British humor back!

## LAND ACQUISITIONS

We're excited to notify you about our land acquisition of 5 acres on the north line of camp property. This parcel includes the trail we use to Black Canyon and the bonus is that it gives us easy and legal access by horseback! Hats to STEVE BROWNSON, who arranged this transaction, and generously donated his time, his commission, and his expertise.

Also there is a project in the works to include camp in an environmental easement near the Shrine. Development in Indian Hills continues to squeeze our trails and unspoiled environment. So anything we can obtain to keep a buffer will grow in value each year!

## Geneva Glen's 90<sup>th</sup> Birthday and Alumni Reunion

Aug. 31 – Sept. 3, 2012

We hope you've all received your "Save the Date" post card for the 90<sup>th</sup>. We are most grateful that we already have several definite "save-a-cabin-for-our-family" reservations. And even more alums have promised to round up camp pals for reunions that weekend. There is no place more conducive to pure joy and back-to-nature relaxation than the Colorado September climate and most especially, the Glen! We hope you will all

make it a priority to join us and relive those kid memories!

In JANUARY, you will receive more information and details about the weekend, and the picnic. There are two options, the more preferable is to come for the full weekend – this allows you to truly be bathed in the GG experience. That would be Friday from 3:00 through Monday at noon. This is a full reunion package including eight meals and the picnic barbecue on Sunday. Daily activities will include: Trail Rides; Nature Hikes; Swimming; Crafts; BBs; Rifles; Archery; Ropes Course; Climb Wall; Zip Line; "O Mama;" and various sports activities: softball, volleyball, horseshoes, tetherball, and even some dragon hunting if you are brave! The reunion day will start with a gathering in the chapel on Sunday morning with plenty of singing, and more at council fire that evening. You may even get to wash your hair in the ditch (*for a small donation*)!

The SECOND OPTION would be just the picnic and reunion on Sunday afternoon, and will include a barbecue dinner and numerous opportunities for reunions among friends who were "work crew in the 80s," "wranglers through the ages," etc. Day's events will allow for lots of fellowship, a raffle, a silent auction, other fun games to raise money like "honey-pile prophesies," and best of all council fire recollections. We expect over 400 folks coming to the birthday celebration. We hope to see you there, for the weekend or at least the

picnic! **Keep an eye out for more details!**

### We Remember...

When the senior girls perform the Funeral Dance during the Pow Wow ceremony, symbols from the Ute and Lakota tradition are used to honor the deceased. One device is an arrow shot into the west at the setting sun. It depicts the spirit swiftly following day's light into the dusky sky, after the track of the Sun god. This beautiful tribute is how we want to recognize several recent passing's from the GG family.

**FAYE CAREY**, mother of **CINDY** and **RAY**, and grandmother to **RAE (KIM)**, and **JASON**. This memorial, rich in musical offerings, brought many GG alums together from across the country.

**LAREA YOUNKMAN'S** memorial service was punctuated with one of Denver's early snow storms! Several GG alums paid respect and honored her tireless, and selfless service to camp during the 60s, 70s and 80s. She served on the board of directors, and rescued camp many times when an R.N. was needed.

She came to camp to train a new nurse on the first day of American Heritage in 1973, and thus became one of the tireless workers on that fateful day the lodge burned.

Another long-time GG family felt the sudden loss of **SUSIE EARLE MAUZY**. Susie's great-grandmother, Helen Trott, was a valued benefactor to camp during the Gilmore years, as well as Susie's grandmother, **FRANCES ROBINSON**, who's service to camp included membership on the camp's board. Susie's mom, Nan, and uncle **BLAKE**, were 50s counselors and Susie grew up at GG to be a camper, a counselor and camper parent to ten-year-plus campers **REED** and **IAN MAUZY**. The family will pay tribute to her and to camp memories by scattering her ashes at GG in June.

**JANICE ARIKI SCHMIDT** passed in early September. Camp friends from her long service to GG spoke in glowing terms of their memories of Jan at the barn, during cabin fellowship and through the typical growing pains of teenagers. **PAULA SHUGRUE ROGERS**, **RON WILLIAMSON**, and **MARILYN FLORY HAIN** captured the essence of Jan's legacy. Her two children, **JASON** and **JAMIE**, both GG veterans, spoke as well. **BOB FLORY**, whose true calling is ministerial, did an extraordinary job of officiating this service. As usual, he combined poise, storytelling, ceremonial flair, light-heartedness, and genuine empathy, as he led us all through the phases of Jan's life.

## Geneva Glen Alumni Progeny ... Knighthood II, 2011
