

GENEVA GLEN'S 100TH ANNIVERSARY

Cherishing the Past - Nurturing the Present - Seeding the Future

Our 100th Anniversary is an incredible milestone that most organizations do not achieve. We feel it is of the utmost importance that we celebrate and “welcome back” the Camp Family to be together, share in memories, and plan for the future. Geneva Glen’s 100th Anniversary Celebration will be larger than our typical Labor Day Weekend BBQ and Family Camp - but rather a full-year celebration that includes campaigns, events, and opportunities for people to connect.

To develop a vision for our 100th Anniversary, we engaged with a group of Camp Family members to share their aspirations, ideas, and feedback. The results were remarkable! While there was a diverse range of thoughts and suggestions, at the heart of it all, four themes consistently came up at the core of what we want to cherish, nurture, and celebrate for Geneva Glen. We will honor these themes and goals in our plans for the 100th and are thrilled to share the upcoming events and campaigns.

Legacy

Celebrate Geneva Glen and this momentous occasion. We are all a part of something bigger than ourselves, being a part of this camp legacy, and we want this to exist for another 100 years.

Our goal is to celebrate the accomplishments of Geneva Glen and prepare Geneva Glen for the future through capturing our history and milestones, celebrating the wins and moments of joy, and preparing for the future through creating a long-term sustainable fundraising strategy.

Connection

A primary reason people want to celebrate this occasion is to connect with friends, revisit memories, and feel a part of the Magic of the Glen.

Our goal is to facilitate and provide year-long opportunities for people to engage with each other and camp to deepen engagement from a wide variety of Camp Family members.

Inclusion

Camp is a place where kids and young adults have the emotional safety and support to be themselves and where people from different backgrounds can have conversations and connect. It is a space where all are accepted for who they are.

Our goal is that Geneva Glen continues to be a place that welcomes and values people from diverse backgrounds and where everyone is safe to be who they are.

Preservation

The physical land of Geneva Glen is such an integral piece of this – a place for kids and young adults to be offline and develop a love of nature and the outdoors.

Our goal is to ensure the preservation of the Geneva Glen land to exist for another 100 years, instilling a connection to nature in hundreds of lives each summer.

THE FELLOWSHIP FUND

Participation and contributions towards our 100th Anniversary Celebration will go to the newly established **Fellowship Fund**. Proceeds to this fund will help with camperships, infrastructure, and other high-impact projects that will continue to keep Geneva Glen thriving for the next 100 years! Visit www.genevaglen.org/fellowship-fund to learn more and donate!
